## (57) CLAIM

The ornamental design for a snow-gliding apparatus, as shown and described.

## DESCRIPTION

FIG. 1 is an isometric view of the design of the snow-gliding apparatus according to the present invention.

FIG. 2 is a side view of the snow-gliding apparatus shown in FIG. 1.

FIG. 3 is a bottom view of the snow-gliding apparatus shown in FIG. 1; and,

FIG. 4 is an end view of the snow-gliding apparatus shown in FIG. 1, where the opposing end is identical to the end shown in FIG. 4.
